

The Scientific Research Paper (SRP) Plan - 10%

Collaborative Presentation**

For this assignment your team will prepare and orally present to your instructor and classmates your SRP plan with your **topic, research question, working introduction** (to include your **thesis statement**), **three or four main points** and list of at least **five credible sources**.

You will:

- 1) type the plan of your Research Paper on two pages (sources/references should be on page 3);
- 2) upload it to Turnitin **before** seminar in Week 8;
- 3) submit this two-page plan (with the relevant rubric) to the assignment drop box on OurVLE.
- 4) Submit the SRP plan WITHOUT THE RUBRIC to Turnitin before orally presenting the information in your BBC/ Online class session.

****Your presentation should be no more than 10 minutes.**

N.B. The rubric is to be downloaded from OurVLE (see Rubrics Folder).

Make Oral Presentation + Submit SRP Plan in Week 8

Rubric for Presentation of Scientific Research Paper Plan

All students are required to present their SRP plan (in 10-minute segments) to the class for feedback.

NAME & ID of Presenters: 1. _____
 2. _____
 3. _____
 4. _____

Relevance of Material to the Research Question/Topic (oral and written components will be considered in holistic grading)					/8
<ul style="list-style-type: none">Precise, appropriate narrowed topic;useful introduction/background information with clear thesis statement.logical relationship between thesis statement and the narrowed topic;clear topic sentences (with logical sub-points and examples- if given);logical relationships between the topic sentences and thesis statement;logical relationships among topic sentences.Appropriate references/sources.					
Superior A	High B	Acceptable C	Unsatisfactory F1	Weak F2	Poor F3
8.0-7.2	5.9-5.6	4.7-4.4	3.9-3.2	3.1-2.4	2.3-0
7.1-6.4	5.5-5.2	4.3-4.0			
6.3-6.0	5.1-4.8				
Language Use (oral and written)					/2
<ul style="list-style-type: none">in accordance with standard usage appropriate for academic discourse and form					
Superior A	High B	Acceptable C	Unsatisfactory F1	Weak F2	Poor F3
